

Pamela F. Mangini, Business Manager for the Derby Public Schools, has listed the bus schedules for the 2010-2011 school year.

To assist with easier bus recognition, the number on the outside of the bus will correspond with the actual bus routes. Parents and students are reminded that starting times at all schools have been changed to reflect the new school schedules.

Students at Derby High School and Derby Middle School will now have separate bus schedules. It should also be noted the Irving School and The St. Mary and St. Michael's Schools pupils will utilize the same buses on the West Side of Derby,

For the first few days, primary grade youngsters should wear a name tag that includes the home or day care address, telephone number, as well as the appropriate bus number.

School secretaries will be available to answer transportation questions at each school.

# 2010-2011
